## E-Bill Designs (based on HTML and CSS)

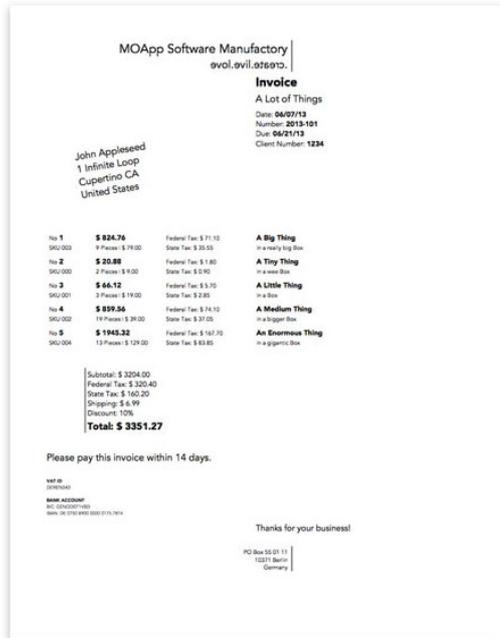

E-Bill's Layouts/Designs are based on HTML and CSS. You can do whatever you want with them. You can add, delete and rearrange components in every possible way. E-Bill will replace placeholders like: '%COMPANY%' with your company's title/name on the fly and style it with the CSS you've provided (for example in the 'companyTitle' div id). You will find a list of all possible

# Use your existing design as backdrop image

E-Bill allows borderless printing and therefore the use of your existing invoice designs as backdrop images.

But you really should read the [tutorial](#) first!
